ENGINE OIL

15W50 LIQUID GUN ENGINE OIL

Product description

Elevate your motorcycle's performance with LIQUID GUN Semi-Synthetic 15W50 Engine Oil. Specially crafted for motorcycles, these cans are packed with advanced formula to provide ultimate engine protection, ensuring a smooth and powerful ride. Experience improved fuel efficiency and unleash the true potential of your motorcycle with LIQUID GUN ENGINE OIL. Upgrade your riding experience today!

Benefits

• Our Liquid Gun engine oil has cutting-edge synthetic technology offering enhanced engine protection

• It is designed with innovative formulation to excel in extreme conditions

• It safeguards engine longevity by preserving oil viscosity at high temperatures

• The Liquid Gun Engine oil offers unmatched performance in challenging environments with an advanced formulation

ENGINE OIL

10W50 LIQUID GUN ENGINE OIL

Product description

Introducing our 10W50 API SL Engine Oil - a high-performance solution for optimal engine care. With the fully synthetic formulation, this engine oil offers a range of benefits to enhance your vehicle's performance and longevity. Designed to provide superior engine protection, it reduces friction and minimizes wear on critical engine components, ensuring a longer lifespan for your engine. The 10W viscosity rating guarantees excellent performance in both cold starts and high-temperature conditions, maintaining stability and viscosity throughout.

Benefits

Get the most out of your motorcycle with our Liquid Gun Engine Oil

• 10W50 API SL engine oil offers excellent protection against engine wear, reducing friction and minimizing the risk of damage to critical engine components. The synthetic formulation ensures high film strength and lubricity, providing a reliable barrier against metal-to-metal contact.

• This oil's 10W viscosity rating ensures optimal performance in both cold start conditions and high-temperature operating environments. It flows smoothly during cold starts, reducing engine wear, while maintaining stability and viscosity at elevated temperatures, preventing oil breakdown.

• The synthetic formulation of 10W50 API SL engine oil helps reduce internal engine friction, promoting smoother operation and optimizing fuel efficiency. By reducing energy losses due to friction, the oil contributes to better overall fuel economy and potentially lower fuel consumption.

METAL POLISH

METAL POLISH

Product description

Revive the shine of your motorcycle's metal surfaces with our Motorcycle Metal Polish. Specially formulated for motorcycles, it effectively removes tarnish and oxidation, restoring a brilliant finish. With easy application and long-lasting protection, it enhances the appearance of chrome, aluminum, and stainless steel components. Elevate the look of your ride with our Royal Enfield Metal Polish.

Benefits

• Our Metal Polish is designed with advanced polishing agents that effectively remove tarnish, oxidation, and surface imperfections from metal parts and surfaces on motorcycles, restoring their original shine.

• This Metal Polish is suitable for use on various metal surfaces found on motorcycles, including chrome, aluminum, stainless steel, and more.

• It also leaves a protective barrier on the metal surfaces, helping to prevent future tarnish and corrosion caused by exposure to the elements.

• It revitalizes dull and tarnished metal parts on your motorcycle, bringing back their original shine and enhancing the overall appearance of your motorcycle. It gives a fresh and polished look to your ride.

MULTIPURPOSE GREASE

MULTIPURPOSE GREASE

Product description

Designed specifically for motorcycles, this pack provides superior lubrication and protection for critical components. From bearings and chains to suspension parts and pivot points, our grease reduces friction, prevents premature wear, and promotes smooth operation. Its high viscosity formula adheres effectively, even in demanding riding conditions, ensuring long-lasting performance and durability. With excellent water resistance and anti-corrosion properties, our grease protects against moisture,rust, and corrosion.

Benefits

• Grease provides excellent lubrication for motorcycle components, especially in areas of high friction and constant movement, such as wheel bearings, suspension pivots and steering head bearings.

• It acts as a barrier, protecting motorcycle components from moisture, dirt, dust, and other contaminants.

• Applying grease to certain areas, such as the chain, helps reduce vibration and noise generated during operation.

• It is designed to withstand high temperatures and not cause thermal breakdown, making it suitable for motorcycle applications where heat can be a problem.

WAX COAT RUBBING COMPOUND

WAX COAT RUBBING COMPOUND

Product description

A must-have for motorcycle enthusiasts. This premium formula offers a range of benefits to bring out the best in your motorcycle's appearance. It works wonders in restoring the original shine. It also improves paint clarity, making your motorcycle look vibrant and eye-catching. Plus, it prepares the surface for polishing and waxing, ensuring a professional-level finish. Save time and money by giving your motorcycle a makeover with our reliable Rubbing Compound.

Benefits

• Restore faded or dull finishes on motorcycles, bringing back the original shine and luster to your motorcycle's paintwork.

• It smoothens the surface and enhances color vibrancy, giving your motorcycle a showroom-worthy appearance.

• It helps to prepare the surface by removing surface contaminants and providing a smooth base for further detailing, ensuring better adhesion and longevity of the polish or wax.

WAX COAT SHINER

WAX COAT SHINER

Product description

The ultimate solution for a showroom-worthy shine on your motorcycle. With its advanced formula, it instantly enhances the appearance of metal, plastic, and glass surfaces, leaving behind a brilliant and glossy finish. Experience the added benefit of UV protection, guarding your motorcycle against sun damage and maintaining its vibrant color. Easy to apply with its convenient sachet packaging, our shiner is a must-have for every motorcycle enthusiast looking to achieve a stunning and protected shine.

Benefits

• Our shiner is designed to provide a superior shine to various surfaces, including metal, plastic, and glass. It instantly revitalizes and enhances the appearance of your motorcycle, leaving a brilliant and glossy finish.

• The shiner also offers UV protection, helping to shield your motorcycle's surfaces from harmful ultraviolet rays. This prevents fading, discoloration, and damage caused by sun exposure, ensuring your motorcycle maintains its vibrant color and shine for longer.

• Easy Application: With its convenient packaging, applying the shiner is a breeze. Simply squeeze a small amount onto a clean cloth and apply it evenly on the desired surfaces

RUST CLEANER

RUST CLEANER

Product description

A powerful solution for removing rust and corrosion from metal surfaces. Experience its effective rust removal, long-lasting protection, and easy application, ensuring your motorcycle stays in top condition. Restore the beauty of your motorcycle with our reliable Rust Cleaner and ride with confidence.

Benefits

• This Rust Cleaner is specially formulated to effectively remove rust and corrosion from metal surfaces. It penetrates deep into the rusted areas, breaking down and dissolving the rust, restoring the metal to its original condition.

• Our Rust Cleaner not only removes existing rust but also leaves a protective layer on the metal surfaces. This protective barrier helps prevent future rust formation, extending the lifespan of your motorcycle's metal parts and components.

• It is designed for easy and convenient application. Simply apply the cleaner onto the rusted areas, allow it to penetrate for a few minutes, and then scrub or wipe away the rust.

SEALANT

SEALANT

Product description

Whether it's gaskets, O-rings, or other seals, our Re-Sealant provides a strong and durable seal, preventing fluid leaks and potential damage. Its high-quality formulation is designed to withstand the demands of motorcycle engines and components, offering reliable protection in various riding conditions.

Benefits

• Excellent sealing properties: Our Sealants form a durable and flexible seal that can withstand high temperatures, pressures, and chemicals, ensuring a reliable seal for your applications.

• Exceptional Flexibility: With its high elongation property, our Sealant can accommodate various movements and vibrations in joints without compromising the integrity of the seal.

• Non-Drip Formula: Our Sealant has a high viscosity that prevents it from running down during application, allowing for precise and mess-free usage.

• High Temperature and Oil Resistance: Our Sealant is specially formulated to withstand high temperatures and resist oil, making it suitable for demanding environments where heat and oil exposure are common.

• Long-Lasting Performance: The performance of our Gasket Maker remains consistent over time, even under extreme heat and aging conditions. It maintains its sealing capabilities for the long haul.

CHAIN MAINTENANCE

CHAIN MAINTENANCE KIT

Product description

Royal Enfield Chain Maintenance Kit is a combo pack of 2 Chain Cleansers and 1 Chain Lubricant. Both products are designed for easy and quick application through their aerosol spray property. It has a nozzle that increases the spray's ability to reach the chain and chain sprocket while also ensuring optimum penetration. The chain cleaner spray is a robust, quick-acting agent designed with a strong degreasing property to remove all encrusted residues for cleaning dirty, clogged motorcycle chains. The Chain Lube Spray is a powerful adhesive chain lubricant for lubricating and shielding motorcycle chains from corrosion. It applies like a foam bead, preventing waste and overspray. Note that before using the chain lube, the chain must be thoroughly cleaned using the chain cleaner spray.

Benefits

Get the most out of your motorcycle with our **Chain Maintenance Kit**.

- Our chain cleaner efficiently removes stubborn contaminants, revitalizing your chain's performance and appearance.

- Our Chain Lube with its unique formula resists water and salt, protects against rust, and reduces friction to ensure smooth and efficient operation.

- Its extreme pressure resistance makes it the perfect choice for heavy loads and high speeds, keeping your chain in top shape no matter the conditions. You'll appreciate its long-lasting and fling-resistant properties, ensuring a cleaner ride and reducing the risk of accidents.

- Royal Enfield Chain Maintenance Kit gives you added protection against rust and corrosion helps keep your chain in good condition for longer, reducing the need for costly replacements.

CHAIN CLEANSER

CHAIN CLEANSER

Product description

Experience the best motorcycle maintenance experience with our Chain Cleanser, a potent formula that effortlessly infiltrates the chain links to obliterate dirt, grime, and stubborn residues that can accumulate over time, diminishing your chain's performance. Regular use of this product guarantees seamless gear shifts, reduced friction, and an overall enhancement in your motorcycle's drivetrain operation. The compact bottle ensures a hassle-free application, making it perfect for on-the-go chain care during your ride.

Benefits

Get the most out of your motorcycle with our **Chain Cleanser**

• Our chain cleaner efficiently removes stubborn contaminants, revitalizing your chain's performance and appearance.

• It eliminates dirt, while also providing crucial rust protection, saving you money on costly replacements in the long run.

• Experience a noticeable improvement in performance with our chain cleaner.

• Enjoy a smoother and quieter ride as our chain cleaner enables seamless movement of the chain.

• Incorporating our chain cleaner into your regular maintenance routine is essential to ensure a smooth-running motorcycle that lasts longer.

CHAIN LUBRICANT

CHAIN LUBRICANT

Product description

Elevate your motorcycle's performance with our Chain Lubricant - 150 ml and 500 ml, engineered for superior lubrication and long-lasting protection. This high-performance formula is meticulously crafted for motorcycle chains, effectively reducing friction to ensure a smooth and efficient ride. It forms a durable protective coating that stands up to extreme conditions, shielding your chain from the elements and preventing dirt and grime buildup. Application is a breeze with the precision nozzle and convenient bottle, ensuring a hassle-free, waste-free experience.

Benefits

• Our chain lubricant is specially formulated to prevent fling, ensuring a cleaner ride and reducing the risk of accidents caused by sudden stops or slips.

• Our chain lubricant offers very low rolling resistance, giving you more power and better efficiency. With reduced friction, you'll enjoy a smoother, more comfortable ride that helps you get the most out of your machine.

• Regular use of our chain lubricant can extend the life of your chain. Our formula is excellent at resisting contaminants, which can cause wear and tear on your chain over time.

• The chain lubricant is designed to reduce friction and protect against rust, which can help keep your chain in great condition for longer.

CARBURETTOR AND THROTTLE BODY CLEANER

CARBURETTOR AND THROTTLE BODY CLEANER

Product description

Royal Enfield Carburettor and throttle body cleaner is specially designed to remove dirt, varnish, and carbon deposits from carburetors and throttle bodies, restoring optimal performance and fuel efficiency. Our cleaner effectively tackles clogged passages, sticking valves, and other carburetor-related issues, ensuring a clean and efficient fuel delivery system. Easy to use and fast-acting, it helps maintain smooth idling, reliable acceleration, and improved throttle response.

Benefits

• Over time, carburettors and throttle bodies can become clogged with deposits, dirt, and varnish, which can hinder proper fuel flow. Using a Carburettor & Throttle Body Cleaner helps remove these deposits, allowing for better fuel atomization and improved fuel efficiency.

• Clogged carburettors or throttle bodies can cause stalling, hesitation, or poor throttle response. The cleaner effectively removes these deposits, ensuring proper airflow and fuel delivery, thus minimizing stalling and hesitation issues.

• Regular use of Carburettor & Throttle Body Cleaner helps prevent the buildup of harmful deposits and contaminants that can cause wear and tear on engine components. By keeping the carburettor or throttle body clean, you contribute to extending the overall life of your engine.

• Carburettor & Throttle Body Cleaners are typically designed for convenient and easy application. They often come in aerosol cans with a spray nozzle, allowing you to directly apply the cleaner to the affected areas. This makes the cleaning process hassle-free and user-friendly.

FORK OIL

FORK OIL

Product description

Whether you're hitting the open road or tackling rough terrains, our Front Fork Oil provides excellent viscosity and superior lubrication to keep your ride comfortable and controlled. Experience improved stability and responsiveness with every twist and turn. Upgrade your motorcycle's front forks with our reliable and performance-driven Front Fork Oil.

Benefits

• Front fork oil ensures smooth and consistent suspension movement, providing a comfortable and controlled ride.

• Front fork oil helps to dampen shocks and vibrations, improving overall stability and reducing the impact of road irregularities.

• The high-quality formulation of front fork oil lubricates the internal components of the front forks, reducing friction and wear for long-lasting performance.

• Front fork oil minimizes friction and heat build-up within the front forks, promoting smoother operation and preventing overheating.

• By maintaining proper fork performance, front fork oil enhances the motorcycle's handling and manoeuvrability, allowing for precise control in various riding conditions.

DRY WASH

DRY WASH

Product description

Clean your motorcycle without wasting gallons of water using our innovative Dry Wash Liquid. Simply spray, wipe, and watch dirt and grime vanish. Our advanced formula leaves a streak-free, glossy finish while protecting the paintwork. Eco-friendly and convenient, this ensures multiple cleaning sessions. Achieve a showroom-worthy shine with ease.

Benefits

- Waterless cleaning for convenience.
- Saves time and effort compared to traditional washing.
- Scratch-free formula for safe cleaning.
- Enhances shine and leaves a glossy finish.
- Versatile application on various surfaces.
- Eco-friendly by conserving water.
- Convenient spray bottle or cloth application.
- Long-lasting results for a clean and shiny vehicle.

SKU PART NO. 3600018/A

MICROFIBRE CLOTH

GENTLE, EFFICIENT, AND REUSABLE

Get the best out of your cleaning routine with our Microfibre Cloth

Product description

The perfect cleaning companion for your motorcycle. This premium cloth offers scratch-free cleaning, superior absorbency, and lint-free performance, ensuring a flawless finish. With its durability and reusability, it's a reliable choice for maintaining your motorcycle's pristine appearance. Upgrade your cleaning routine and enjoy a spotless shine every time.

Superior cleaning

Lint-free and non-abrasive

Good absorbent and quick drying

Benefits

• A microfiber cloth is extremely gentle on your motorcycle's surfaces, preventing scratches and swirl marks.

• Its ultra-soft fibers effectively lift and trap dirt, dust, and grime without causing any damage, ensuring a scratch-free cleaning experience.

• Microfiber cloths have excellent absorbent properties, allowing them to quickly soak up water, spills, and cleaning solutions.

• Microfiber cloths are designed for long-lasting use. They can be washed and reused numerous times without losing their cleaning efficiency or softness.

HELMET CLEANER

HELMET CLEANER

REFRESH, RENEW, RIDE

Keep your helmet spotless with our premium Helmet Cleaner

Product description

The perfect solution for keeping your helmet clean and fresh. This specialized formula effectively removes dirt, grime, and sweat residue, ensuring a hygienic and odor-free helmet. Safe for use on various helmet materials, it leaves no streaks or residue behind, providing a clear and pristine finish. With easy application and quick drying, our Helmet Cleaner is a must-have for every rider. Keep your gear in top condition with our Helmet Cleaner and enjoy a clean and revitalized helmet every time you ride.

Removes dirt | **Removes odor** | **Easy to use** | **Restores appearance** | **Keeps the interior fresh**

Benefits

• Our Helmet Cleaner is designed to remove dirt, grime, sweat residue, and other contaminants that accumulate on your helmet during use. It provides thorough cleaning, leaving your helmet fresh and revitalized.

• The Helmet Cleaner's advanced formula helps neutralize unpleasant odors that can develop inside your helmet over time. It leaves your helmet smelling clean and odor-free.

• Our Helmet Cleaner is gentle yet effective on various helmet materials, including fiberglass, polycarbonate, and carbon fiber. It does not cause damage, discoloration, or deterioration to the helmet's surface.

ELECTRICAL CONTACT CLEANER

ELECTRICAL CONTACT CLEANER- 500 ML
SKU PART NO. 3300675/A

ELECTRICAL CONTACT CLEANER

SEAMLESS CONNECTIVITY

Ensure smooth conductivity with our Electrical Contact Cleaner

Product description

This 500 ml pack of cleaning solution is specifically formulated to remove dirt, dust, and grime from electrical components, ensuring optimal conductivity and reliable performance. For anything electrical related parts in your motorcycle, our cleaner is perfect for removing oxidation and corrosion from contacts, switches, and connectors. Its fast-drying and residue-free formula leaves no residue behind, ensuring a clean and pristine surface.

Enhances electrical connections

Better reliability

Guards against contact corrosion

Benefits

- Ensures reliable connections and prevents signal interruptions.
- Removes corrosion, extending the lifespan of electrical components.
- Fast-drying and residue-free formula for clean and dry surfaces.
- Easy-to-use aerosol or spray bottle for precise application.
- Safe for use on electrical components, protecting sensitive electronics.
- Remember to follow the manufacturer's instructions and safety precautions when using Electrical Contact Cleaner.

CHAIN CLEANING BRUSH

CHAIN CLEANING BRUSH

EFFORTLESS AND GENTLE CLEANING

Efficiently remove grime and extend chain life with our Chain Cleaning Brush

Product description

- Tough on Dirt, Gentle on Surfaces: Specially engineered bristles remove stubborn debris without causing scratches.
- Dual-Ended Design: Long bristles for reaching tight spots, short bristles for larger surfaces.
- Durable and Easy to Use: Built to withstand frequent use, comfortable grip, lightweight and compact.
- Keep your motorcycle looking its best with the Ultimate Motorcycle Brush.

Ergonomic design

Easy to use

Removes dirt without damage

Benefits

- Unlike other chain cleaning tools, our brush clips directly onto the chain, making chain cleaning a quick and easy task.

- With an ergonomic and easy-to-grasp design, our brush is comfortable to use, even during extended cleaning sessions. You'll appreciate its comfortable grip and balanced weight distribution, which reduces hand fatigue and ensures optimal control.

- Our brush features hard bristles that are both powerful and durable. They're tough enough to remove even the most stubborn dirt and grime, yet gentle enough to avoid damaging your chain or sprockets.

BRAKE FLUID

BRAKE OIL DOT 4-100 ML
SKU PART NO. 3600004

BRAKE FLUID DOT - 4 (100 ML)

COMMAND EVERY TURN

High-Performance Brake Fluid for superior braking operation

Product description

This 100 ml of brake fluid ensures reliable stopping power and enhanced safety on the road. With its superior heat resistance and excellent lubrication properties, our Brake Fluid maintains consistent performance even under demanding conditions. Trust in the quality and performance of our Royal Enfield Essentials Brake Fluid DOT-4 for a smooth and secure ride every time.

Consistent stopping power

Dissipates heat effectively

Safeguards critical brake components

Benefits

• Brake Fluid DOT-4 guarantees a seamless braking experience, providing precise control and swift stopping power for confident driving.

• Even in the most extreme heat conditions, Brake Fluid DOT-4 maintains its exceptional performance, ensuring reliable braking performance throughout your journey.

• Count on Brake Fluid DOT-4 to enhance overall road safety by delivering consistent and effective braking, minimizing the chances of accidents and ensuring peace of mind.

• Thanks to its low moisture absorption properties, Brake Fluid DOT-4 safeguards against water contamination, preventing brake system corrosion and preserving optimal performance.

SPARK PLUG CLEANER

SPARK PLUG CLEANER - 500 GMS

START SMOOTH,ALWAYS

Ensure reliable ignition with our Spark Plug Cleaner

Product description

Regularly cleaning your spark plugs with our reliable cleaner will help optimize engine performance, fuel efficiency, and overall reliability, ensuring smooth rides and preventing potential issues down the road.

Reduces replacement frequency

Improved performance

Enhances overall ignition system health

Benefits

• Our Spark Plug Cleaner is designed to remove carbon deposits and fouling from spark plugs, enhancing their performance. By restoring the spark plug's functionality, it helps optimize combustion, resulting in improved engine power and fuel efficiency for your motorcycle.

• Regularly using the Spark Plug Cleaner helps prevent the build-up of carbon deposits, which can cause misfires and reduce the lifespan of your spark plugs. By keeping them clean, you can maximize the longevity of your spark plugs, saving you money on replacements.

THREAD LOCKER

THREAD LOCK SEALANT- 5ML
SKU PART NO. 3300417/A

THREAD LOCKER

LOCKED TO PERFECTION

Thread Locker ensures secure fastening and easy application

Product description

This 5ml pack offers a compact and effective solution to keep your critical fasteners tightly locked in place. Whether it's bolts, screws, or other threaded components, our Thread Locker provides a strong and durable bond, ensuring vibrations and constant movement won't compromise the integrity of your motorcycle's assembly.

Secure fastening

Prevents Corrosion

Vibration resistant

Benefits

• Thread Locker provides a secure and reliable fastening solution for various components on your motorcycle. It helps prevent loosening due to vibrations and ensures that critical parts stay tightly in place, reducing the risk of accidents or damage caused by loose bolts or screws.

• Thread Locker creates a protective barrier that helps prevent corrosion and rust formation on threaded connections. This helps maintain the integrity of the fasteners and extends their lifespan, especially in harsh or wet environments.

• The Thread Locker has properties like vibration damping, which helps absorb and reduce the impact of vibrations that may occur during motorcycle operation.

DRY WASH MANUAL GUN

DRY WASH MANUAL GUN

WASHING MADE EASY

Your eco-friendly solution for a spotless shine and quick drying

Product description

Introducing our innovative Dry wash Manual Gun, the ultimate solution for maintaining the pristine appearance of your beloved motorcycle without the need for water. This cutting-edge spares part is designed to revolutionise your motorcycle-cleaning routine, offering unparalleled convenience and efficiency in motorcycle detailing.

Saves water

Easy to use

Effective spray

Benefits

• Simplify your motorcycle-cleaning routine with the Dry wash Manual Gun, making maintenance a breeze with its user-friendly design.

• Suitable for a variety of motorcycle surfaces, from painted panels to chrome accents, ensuring a comprehensive clean for your entire motorcycle.

• Save water by investing in a Dry wash system that provides exceptional results with minimal resources.

• Maintain the aesthetic appeal of your motorcycle by regularly using the Dry wash Manual Gun, ensuring that it stays in top-notch condition ride after ride.

20W50 API SL ENGINE OIL - 3L
SKU PART NO. 390393

20W50 LIQUID GUN ENGINE OIL - 3L

DEFY LIMITS WITH ENHANCED PERFORMANCE

Get the most out of your motorcycle with the Liquid Gun Engine Oil

Product description

Upgrade your engine with 20W50 API SL Engine Oil. This high-quality oil provides optimal performance, superior protection, and versatility for a range of vehicles. Trust in its exceptional quality for a smoother and more efficient engine. Order now for the care your vehicle deserves.

Enhanced performance

Exceptional pickup and acceleration

Ensures a smoother ride

Safeguards engine in high temperature

Benefits

• Experience heightened power and quicker response with our top-performing engine oil.
• Our superior formula delivers exceptional pickup and acceleration while promoting engine cleanliness for peak performance.
• Enjoy a longer engine life with our oil's better wear protection than industry standards.
• Our oil is also unmatched in high-temperature protection, ensuring that your engine continues to function like new.
• Our oil meets rigorous API SL performance specifications, meeting the highest standards in the industry.
• Whether you're commuting in harsh climates or tackling tough roads, our engine oil is the ideal choice for your motorcycle in need of reliable performance.
